REVERSE ADVENT COUNTDOWN

Greetings!

Bournemouth Foodbank helps local people in crisis. We do this by providing nutritionally balanced 3-day emergency food boxes of non-perishable produce to families and individuals referred to us by our network of over 150 frontline agencies such as Social Services, school pastoral workers and charities. In the last year alone we fed 6,012 people in need. We need your help to keep fighting food poverty in our community.

Please find your calendar overleaf. The food items all add up to the full allocation for a single person's three-day emergency food box. Also, the cash donations represent the cost to the foodbank of feeding that one person. All you need to do is collect each item and bring them all to one of our centres (locations and opening times available at <https://bournemouth.foodbank.org.uk/locations/>). Don't forget to fill out the form below and include this calendar and any financial contributions when you deliver your donation.
